

RAIMOL FLASH 4T**Four Stroke Oil****Product Description**

FLASH 4T is a premium grade motorcycle oil developed for the lubrication of all four-stroke engines. Formulated from high viscosity mineral oils blended with additives to provide quality performance in four-stroke motorcycle engines.

Applications

- For standard four-stroke motorcycle engines requiring API SL/CF JASO MA and lower classifications. Available in SAE grades *10W40*, *20W40*, *20W50*.

Performance Features

- Enhanced engine protection
- Controls engine wear.
- Effective protection from rust and corrosion
- Excellent detergent / dispersant capability

Physical and Chemical Properties

Appearance:	Clear
Flash Point:	>210°C
Color:	Red
Physical State:	Liquid
Density (kg/li):	0.880
Solubility (Water):	Insoluble
Viscosity @40:	Typical: 105.0 cst (centistokes)

Health and Safety

This product does not pose a health or safety hazard when used in the recommended application and when proper industrial safety practices are observed. As with all industrial oils and lubricants, prolonged contact with skin should be avoided, especially with used oils. Wash skin with soap and water after contact. Take used oil to an authorized government accredited recycler. See FLASH 4T MSDS.

Packaging

200 ml bottle/ 1 liter bottle/ 20 liter container and 200 liter drum.
