

### RAIMOL SPINLUBE

#### Knitting Oil

#### Product Description

**SPINLUBE** is a premium quality lubricant to meet the stringent requirements of high speed spinning machine elements like spindles found in the machines of textile industries.

#### Applications

- For high speed spinning machine elements like:
  - Spindles
  - High speed bearings
  - Twister rings
  - Sewing machine mechanisms
  - Electric fan motors

#### Performance Features

- Resists thickening and sludge formation.
- Keep spindles free from deposits.
- Does not stain fabrics.
- Resists formation of gums, thus eliminating drag.
- High film strength provides protection up to speeds of 10,000 rpm.
- Long service life.

#### Physical and Chemical Properties

Appearance:	Clear
Colour:	<b>Minimum:</b> Light 1.5
	<b>Maximum:</b> Light 2.5
Odour:	Mild
Flash Point:	190°C
Boiling Point °C:	>200 °C
Density (kg/li):	0.840
Solubility (Water):	Insoluble
Viscosity @40:	<b>Typical:</b> 20.0 cst (centistokes)

#### Health and Safety

This product does not pose a health or safety hazard when used in the recommended application and when proper industrial safety practices are observed. As with all industrial oils and lubricants, prolonged contact with skin should be avoided, especially with used oils. Wash skin with soap and water after contact. Take used oil to an authorized government accredited recycler. See SPINLUBE MSDS.

#### Packaging

18 liter pail and 200 liter drum.
